SVENSKA Group

Svenska Technologies

Private Limited

(Volvo Product and Service Dealership)

Svenska Institute of

Technologies

(Institute to BRIDGE the GAP of SKILLS)

Svenska was incorporated in 2000 as a dealer for Volvo Construction Equipment and Mining Equipment in the State of Maharashtra, Goa.

As a company, we value **Service Excellence**. We are committed to our customers and business partners and have a **passion for latest technology in the field of construction and mining industry**.

The core team of Svenska Technologies Pvt. Ltd. consists of highly qualified and trained engineering professionals with extensive hands-on experience in sales, marketing and after sales support of Construction Equipment. Our efforts to be the best in the construction equipment industry as an **end-to-end solution provider while delivering exceptional service to our customers** have helped us to earn a reputed position in the industry.

We are proud that our efforts have been regularly appreciated by Volvo India Pvt. Ltd. and have led to winning several accolades and winning the prestigious **'Best Dealership Award', 3 times in the last 18 years**.

SVENSKA Group

**Svenska Technologies
Private Limited
(O & M Business Vertical)**

“YOU BUY, WE RUN”

Operation and Maintenance includes the deputation of Trained Drivers/Operators to operate the machinery as per the customers’ requirement. Svenska signs up a Comprehensive **SLA for O&M Services** and follow a rigorous reporting & review process

The operators that we depute are selected, trained and are well experienced. Their Competencies are Mapped to the OEM Guidelines and continuously monitored.

Technicians use advanced diagnostic and troubleshooting tools recommended by OEMs. Svenska maintains appropriate stock of recommended **Spare Parts** at Site and manage availability, reordering and inventory update on regular basis.
